Speaker

Dr. YEUNG Ka Chun obtained his Bachelor of Dental Surgery degree in 1990 from the University of Hong Kong. After about one year of general practice, he pursued his further training and obtained his Master of Dental Surgery (Prosthodontics) degree in 1993 from the University of Hong Kong. Since then he has been working as a part-time lecturer in the Discipline of Oral Rehabilitation, Faculty of Dentistry, the University of Hong Kong.

He obtained his Fellowship of the Royal Australasia College of Dental Surgery (FRACDS) and became a Member of the Faculty of General Dental Practice (MFGDP), Royal College of Surgeon of England (RCSEng) by examination in 1995 and 1996 respectively. In 2003, he obtained his Fellowship of the College of Dental Surgeon of Hong Kong (FCDSHK) in Prosthodontics and Fellowship of the Hong Kong Academy of Medicine in Dental Surgery. And he obtained Membership of the Royal Australasia College of Dental Surgery (Prosthodontics) in 2008. He is currently running a private specialist clinic in Prosthodontics.

Lecture Topic

“Laser-assisted Dentistry”

Integration of laser procedures into daily dental treatment is considered as a “cutting edge” with up-to-date clinical facilities. Proper understanding of the science of dental laser is essential for delivery of the optimal treatment to patients. A brief discussion of fundamental physics of dental laser and some clinical cases of laser assisted dental procedures will be presented. The quality and efficiency of the treatments are highly increased with the help of dental lasers.
